The Commerce Ministry criticized the fall in foreign exchange earnings of the country last Tuesday, but followed up this morning by a report that the country's foreign trade was still leading records. For opened export sales, it took the week's average of 100 million dollars, compared with the same period last year, when the country's foreign trade showed a slump of a week amounting to 70 million dollars. The Commerce Ministry said that the fall in foreign exchange earnings was due to the fact that the country's foreign trade was still leading records. For opened export sales, it took the week's average of 100 million dollars, compared with the same period last year, when the country's foreign trade showed a slump of a week amounting to 70 million dollars.
